Unitus Painting Ltd.
20138 70A Avenue
Langley, BC V2Y 2Y6

Hi Bryce,

I am the building manager from 1328 West Pender, Vancouver.

The summer of 2016, the balconies of the 38th. floors building, were recoated with a new membrane. It was a big job. Power wash, remove tiles from some of the balconies, apply primer and two coats of the membrane.

The project was successful, despite a raining summer. The team working for this project had an outstanding conduct. They were very polite, helpful, and responding prompt to all situations. The project was finished on time and there were many positive remarks about the quality and the way the entire project was handled. As a building manager and an owner of few units in this building, I will recommend Unitus Painting and the team in charge.

Regards,
Cornel (email reference)
